# HISTORY · Advent of Europeans and the rise of British power

**UNDERSTAND IT FIRST**

**What is it?** From **1498** European trading companies came to India **by sea**, first to buy **spices and cotton cloth**. Over about **260 years** one of them, the **English East India Company**, defeated its European rivals and Indian rulers and turned from a **trader into a ruler**. The reasons are **why they came, how they competed, and why the British won**. Learn it as **Why Europe came → Portuguese → Dutch → English → Danes and French → Carnatic Wars → Bengal (Plassey, Buxar) → Why the British won**.

European companies in India

## 1. Why did Europe come by sea?

- **Spices and cloth** (pepper, cloves, cinnamon, Indian cotton) were very costly in Europe, and the old trade went through **Arab and Venetian middlemen**. The **Ottoman capture of Constantinople (1453)** made the land route harder and dearer.
- **Renaissance, science and new ships** (compass, astrolabe, the **caravel**, maps) and royal backing (**Prince Henry the Navigator** of Portugal) made long voyages possible. **Mercantilism** (the idea that a country grows rich by selling more than it buys, and by colonies) pushed governments to back trade companies.

## 2. The Portuguese

| Person / event | Facts |
|---|---|
| **Vasco da Gama** (1498) | Reached **Calicut** (Kerala) on **20 May 1498** via the Cape of Good Hope, helped by a **Gujarati pilot**; welcomed by the **Zamorin**; returned with a cargo worth sixty times the cost of the voyage. |
| **Francisco de Almeida** (1505–09) | First Viceroy; **'Blue Water Policy'**: control the **sea** and not build many land forts; won the **Battle of Diu (1509)** against Egypt, Turkey and Gujarat's fleet. |

| | |
|---|---|
| **Alfonso de Albuquerque** (1509–15) | Real founder of Portuguese power; captured **Goa from Bijapur (1510)**, **Malacca (1511)**, **Hormuz (1515)**; encouraged **marriages** with Indian women. |
| **Nino da Cunha** (1529–38) | Moved the capital from **Cochin to Goa** (1530); took **Diu and Daman** and **Bassein (1534–35)**. |
| **Methods and effects** | **Cartaz** (naval pass for ships); **Jesuits** (St **Francis Xavier**, 1542); **Goa Inquisition** (1560); first **printing press** (Goa, 1556); new crops: **tobacco, maize, potato, chilli, cashew, pineapple, papaya**; **Santhome** (Mylapore) settlement. **Decline:** Dutch and English rivalry; **Marathas took Salsette and Bassein (1739)**; **Goa, Daman and Diu** freed by India in **1961**. |

### 3. The Dutch

- **United East India Company (VOC)**, 1602. Main interest: the **Spice Islands (Indonesia)**; in India **cotton textiles**, indigo, saltpetre and opium. **Factories: Masulipatnam (1605)**, the **first Dutch factory in India**; **Pulicat (1610)** with **Fort Geldria**; **Surat (1616)**, **Chinsura (1653, Bengal)**, **Nagapattinam**; took **Cochin from the Portuguese (1663)**.
- **Decline:** English naval power; **Travancore's Marthanda Varma defeated them at Colachel (1741)**; the British beat them at **Bedara (Chinsura), 1759**. They focused on Indonesia and left India.

### 4. The English East India Company

| Year | Event |
|---|---|
| **1600** | **Queen Elizabeth I** gave a charter (31 December) to the **'Governor and Company of Merchants of London Trading into the East Indies'**, with a **monopoly of eastern trade**. |
| **1608–15** | **Captain Hawkins (1608)** at Jahangir's court failed; **Thomas Best** beat the Portuguese at **Swally (1612)**; **Sir Thomas Roe (1615)** got **trading rights**; **Surat factory (1613)**. |
| **1611–1625** | **Masulipatnam (1611)**, the **first English factory in south-east India** (Andhra); **Pettapoli**; **Armagon (Durgarajapatnam), 1625**. |
| **1639–40** | **Francis Day** and **Andrew Cogan** got land at **Madras** from the local Nayaka (**Damarla Venkatapathi**) with the permission of the **Chandragiri ruler**; built **Fort St George**. |
| **1651–1690** | **Gabriel Boughton** treated a Mughal princess and won concessions in **Bengal (1651)**; **Bombay**, Charles II's dowry from **Catherine of Braganza (1661)**, leased to the Company in **1668**; **Job Charnock** founded **Calcutta (1690)**; **Fort William (1696–1700)**. |
| **1717** | Emperor **Farrukhsiyar's farman**: duty-free trade in Bengal for a payment of ₹3,000 a year; the Company's **dastak** (pass) system, often misused. Called the **'Magna Carta of the Company'**. |

### 5. The Danes and the French

- **Danes:** company founded **1616**; **Tranquebar (Tharangambadi), 1620**; **Serampore (1755)**; both **sold to the British in 1845**; known more for **missionary work** (Serampore Mission).

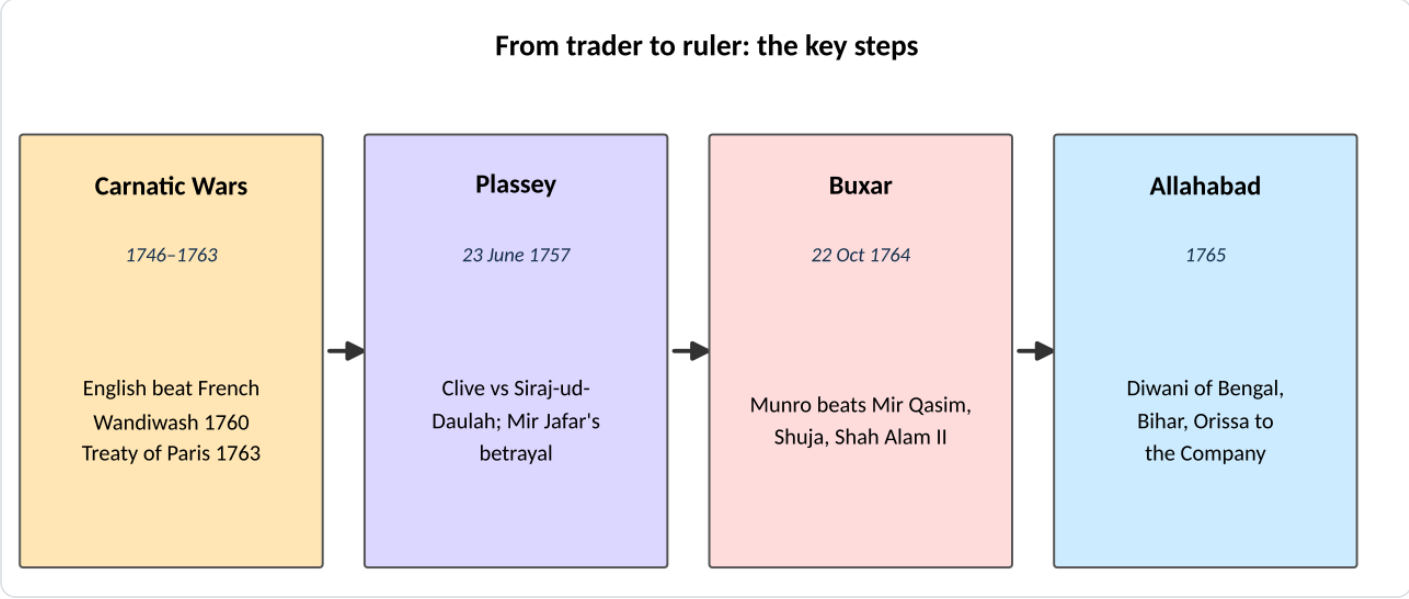

- **French: Compagnie des Indes Orientales (1664)**, founded under **Colbert** (Louis XIV's minister) as a **State-run** company; **Surat (1668)**, **Masulipatnam (1669)**; **Pondicherry (1673)** founded by **Francois Martin**; **Chandernagore (1690)**; **Mahe**, **Karaikal** and **Yanam** (Andhra, 1723). **Dupleix** (governor 1742–54) used **Indian soldiers trained in European style (sepoys)** and **interfered in Indian successions**. French territories joined India in **1954** (de facto) and **1962** (de jure).

### 6. The Carnatic Wars (Anglo-French rivalry)

| War | Facts |
|---|---|
| **First** (1746–48) | Extension of the **Austrian Succession War**; French took **Madras (1746)**; **Battle of St Thome (Adyar)**: a small French force beat the Nawab of the Carnatic **Anwaruddin**, showing how **disciplined European troops** could beat large Indian armies; **Treaty of Aix-la-Chapelle (1748)** returned Madras. |
| **Second** (1749–54) | Quarrels over succession in **Hyderabad** (Nasir Jung vs Muzaffar Jung) and the **Carnatic** (Anwaruddin vs Chanda Sahib); French (**Dupleix, Bussy**) backed Chanda Sahib and Muzaffar Jung; English backed **Muhammad Ali**; **Clive's siege of Arcot (1751)**; **Treaty of Pondicherry (1754)**; Dupleix recalled. The French got the **Northern Circars (1753)** from the Nizam through **Bussy**. |
| **Third** (1756–63) | Part of the **Seven Years' War**; **Battle of Wandiwash (22 January 1760)**: **Eyre Coote** defeated **Lally**; **Pondicherry fell (1761)**; **Treaty of Paris (1763)** returned French factories but only as **trading posts**; in the Northern Circars **Col. Forde** beat the French at **Condore (1758)** and took **Masulipatnam (1759)**. |

**Why the French lost:** weaker **navy**; **State control** and little support from the French government; **Dupleix's recall**; the English held **Bengal's wealth** after 1757; poorer leadership against **Clive and Eyre Coote**; the **Seven Years' War** in Europe went against France.

### 7. Bengal: Plassey and Buxar

From trader to ruler

| Event | Facts |
|---|---|

| | |
|---|---|
| **Background** | **Alivardi Khan** died (1756); his grandson **Siraj-ud-Daulah** became Nawab. He was angry that the English **fortified Calcutta** without permission, **misused dastaks** and sheltered a runaway (**Krishna Das**). He took **Fort William (June 1756)**; the **Black Hole** incident (20 June 1756; Holwell's account of 146 prisoners and 123 deaths is **disputed**). |
| **Plassey (23 June 1757)** | **Clive** and Admiral Watson retook Calcutta (January 1757), then plotted with **Mir Jafar** (the Nawab's commander), **Rai Durlabh**, banker **Jagat Seth** and **Omichand**. At Plassey, Mir Jafar's troops stood aside; the Nawab was beaten in **a few hours** and later killed; **Mir Jafar** became Nawab and paid huge sums; the Company got **24 Parganas**. **Importance:** a win through **intrigue** that gave the Company **control of Bengal's wealth** and the base to defeat the French. |
| **Mir Qasim** (1760–63) | Made Nawab for ceding **Burdwan, Midnapore and Chittagong**; moved to **Munger**, built a modern army and **abolished internal duties** (which hurt Company traders); clash with the Company. |
| **Buxar (22 October 1764)** | **Hector Munro** defeated the combined armies of **Mir Qasim**, **Shuja-ud-Daulah** of Awadh and the Mughal Emperor **Shah Alam II**. More **decisive than Plassey**: it was a **fair fight** won by arms, making the Company the **leading power in north India**. |
| **Treaty of Allahabad (1765)** | **Clive** got from **Shah Alam II** the **Diwani (right to collect revenue) of Bengal, Bihar and Orissa** for **₹26 lakh** a year to the emperor; Shuja paid ₹50 lakh; **Kora and Allahabad** went to the emperor. **Dual government (1765–72)**: the Company had **revenue** (diwani) and the Nawab had **administration (nizamat)** but **no power to run it**: 'power without responsibility' for the Company, ended by **Warren Hastings (1772)**. |

## 8. Mysore, subsidiary alliance and the Andhra region

| Topic | Facts |
|---|---|
| **Mysore Wars** | **Haidar Ali** and **Tipu Sultan** resisted. **1st (1767–69)**: Treaty of Madras; **2nd (1780–84)**: Treaty of Mangalore; **3rd (1790–92)**: Cornwallis; **Treaty of Seringapatam (1792)**: Tipu lost **half his territory** and paid **3 crore** indemnity; **4th (1799)**: Tipu died defending **Seringapatam**; Wodeyars restored under Wellesley. |
| **Subsidiary Alliance** (Wellesley, 1798) | The Indian ruler accepted a **British force** at his cost, **no other European** in his service, **no war or treaty without Company's consent**, and a **British Resident** at his court. First to accept: **Hyderabad (1798)**, then **Mysore (1799)**, **Tanjore**, **Awadh (1801)**, **Peshwa (Bassein 1802)**, **Bhonsle and Scindia (1803–04)**. |
| **Andhra region** | **Northern Circars** (coastal districts from Srikakulam to Guntur): the French held them (Bussy, 1753), the British took them in **1759–65** and **Clive** obtained them from **Shah Alam II (1765)** and from the **Nizam (1766)**; **Guntur Circar** in **1788**. **Ceded districts** (**Kadapa, Kurnool, Anantapur, Bellary**): given to the Company by the **Nizam in 1800** under the Subsidiary Alliance. **Hyderabad (Telangana)** stayed a **princely State** under the Nizam until **1948**. |

## 9. Why the British won; impact

| Area | Points |
|---|---|
| Politics | **Naval strength**; **disciplined, drilled army** with better guns; **Indian disunity** and quarrels over succession; skill in **diplomacy and intrigue**; capable leaders (Clive, Hastings, Wellesley); **Indian sepoys** formed most of the army. |
| Economy | **Joint-stock company** with strong funds and **private investors**; **Bengal's revenue** (diwani) paid for wars; **Industrial Revolution** later gave better arms; Indian **cotton exports** fell after 1800s and the **'drain of wealth'** began. |
| Society and religion | **Missionaries** (Portuguese Jesuits, Danish Serampore Mission) began conversions and **printing and education**; European **towns and forts** (Madras, Bombay, Calcutta) grew; **new crops** and new ideas arrived. |

## POLITY • Judiciary: Supreme Court, High Courts; judicial review and judicial activism

**UNDERSTAND IT FIRST**

**What is it?** The judiciary is the organ that **settles disputes**, **protects the rights of citizens** and **tests whether laws and government actions follow the Constitution**. India has a **single, integrated** system with the **Supreme Court at the top**. Its two powerful tools are **judicial review** (striking down laws that break the Constitution) and, in recent decades, **judicial activism** (the courts actively filling gaps to protect rights).

The integrated judiciary

## 1. The Supreme Court

| Point | Details |
|---|---|
| **Composition** (Art 124) | **Chief Justice of India and not more than 33 other judges** (34 in all, raised by the **2019 Act**); seat at **Delhi** (Art 130); **ad hoc judges** (Art 127) and **retired judges** (Art 128) can be called. |
| **Qualifications** | Citizen; **5 years as a High Court judge**, or **10 years as a High Court advocate**, or a **distinguished jurist** in the President's opinion. |
| **Appointment** | By the **President** after consulting judges: the **collegium system** (the CJI and four senior-most judges). **First Judges case (S.P. Gupta, 1981)**: executive's view prevails; **Second (1993)**: **CJI's view (with collegium) is binding**; **Third (1998)**: collegium of **five**. The **99th Amendment and NJAC** (2014) were **struck down in 2015** (Fourth Judges case) as against the basic structure and judicial independence. |
| **Tenure and removal** | Retire at **65**. Removed by the **President** after an **address by each House** (**special majority**: majority of total membership and **2/3 of members present and voting**) for **proved misbehaviour or incapacity** (**Art 124(4)**; **Judges (Inquiry) Act, 1968**). No judge has been removed: **V. Ramaswami (1993)** motion failed in the Lok Sabha. |
| **Independence** | **Salaries charged** on the Consolidated Fund (not voted); **no discussion** of conduct in Parliament (Art 121); **contempt** power (Art 129); no practice after retirement before any court; **separation from the executive** (Art 50). |

### Jurisdiction of the Supreme Court

| Type | Details |
|---|---|
| **Original** (Art 131) | **Exclusive**: disputes between **Centre and States**, or between **States**; (not for disputes under pre-Constitution treaties). |

| | |
|---|---|
| **Writ** (Art 32) | **Right to Constitutional Remedies**: **habeas corpus, mandamus, prohibition, certiorari, quo warranto** to enforce **Fundamental Rights**; Dr Ambedkar called it the **'heart and soul'** of the Constitution. |
| **Appellate** (Art 132–136) | **Constitutional**, **civil** and **criminal** appeals from High Courts; **Art 136: Special Leave Petition (SLP)** to appeal from **any court or tribunal** (except armed forces). |
| **Advisory** (Art 143) | The **President** can ask for its opinion on a question of law or fact; the Court **need not** answer and the opinion is **not binding**. |
| **Review, curative** (Art 137) | It can **review its own judgment**; the **curative petition** (**Rupa Ashok Hurra, 2002**) is the last remedy against a miscarriage of justice. |
| **Other** | **Court of record** (Art 129); law declared is **binding on all courts** (Art 141); **Art 142**: orders **for complete justice**; all authorities must **aid** the Court (Art 144). |

### 2. The High Courts and subordinate courts

| Point | Details |
|---|---|
| **Establishment** | **Art 214**: a High Court for each State; **25 High Courts** (a few serve more than one State/UT); **Andhra Pradesh High Court** sits at **Amaravati** (since January 2019) and the **Telangana High Court** at **Hyderabad** (separate from 1 January 2019). **Art 215**: High Courts are **courts of record**. |
| **Appointment, tenure** | Chief Justice appointed by the **President** after consulting the **CJI**, the **Governor** and the High Court's Chief Justice; **qualifications**: citizen, **10 years a judicial officer** or **10 years a High Court advocate**; **retire at 62**; removed in the **same way as Supreme Court judges**. Transfer: **Art 222**. |
| **Writs** (Art 226) | Issues the five writs for **Fundamental Rights and 'for any other purpose'**, so its writ power is **wider than the Supreme Court's Art 32**. |
| **Supervision** (Art 227, 235) | **Superintendence over all courts and tribunals** in its area (Art 227); **control over subordinate courts** (posting, promotion, discipline: Art 235). |
| **Subordinate courts** (Art 233–237) | **District Judge** appointed by the **Governor** in consultation with the **High Court**; district and sessions courts, civil and criminal courts below; also **Family Courts**, **Nyaya Panchayats**, **Gram Nyayalayas (2008)**, **Lok Adalats** (Legal Services Authorities Act, 1987; **Art 39A free legal aid**) and **Tribunals** (**Art 323A, 323B**; **L. Chandra Kumar, 1997**: tribunals' decisions can be tested in High Courts). |

### 3. Judicial review

- **Meaning:** the power of the courts to **examine** whether a **law or executive action** is **consistent with the Constitution**, and to declare it **void** if it is not. **Basis:** the **written, supreme Constitution** and federalism; **Art 13** (laws against Fundamental Rights are void), **Arts 32 and 226**, **131–136**. (In the USA it began with **Marbury v Madison, 1803**.)

- **Landmark cases: A.K. Gopalan (1950)**: narrow reading of Art 21; **Golaknath (1967)**: Parliament cannot amend Fundamental Rights; **Kesavananda Bharati (1973)**: Parliament may amend but **not the basic structure**; **Indira Gandhi v Raj Narain (1975)**; **Minerva Mills (1980)**: **judicial review and the balance of Fundamental Rights and Directive Principles** are basic structure; **L. Chandra Kumar (1997)**: judicial review is basic structure; **I.R. Coelho (2007)**: laws in the **Ninth Schedule** after 24 April 1973 can be reviewed.

### 4. Judicial activism and PIL

- **Judicial activism:** the courts **go beyond** deciding disputes and take a **proactive role** to protect rights and fill gaps left by the legislature and executive. Its tool is the **Public Interest Litigation (PIL)**: any public-spirited person can approach the court for **those who cannot**, relaxing the rule of **locus standi** (who may sue); even a **letter or postcard** can be treated as a petition (**epistolary jurisdiction**). It began in the late 1970s under Justices **P.N. Bhagwati** and **V.R. Krishna Iyer**.
- **Key cases: Hussainara Khatoon (1979)**: rights of **undertrial prisoners**, speedy trial; **Maneka Gandhi (1978)**: Art 21's procedure must be **fair, just and reasonable**; **Olga Tellis (1985)**: **right to livelihood**; **M.C. Mehta**: **environment**, **polluter pays**; **Vishaka (1997)**: guidelines against **sexual harassment at work**; **NALSA (2014)**: recognised **transgender** persons; **Puttaswamy (2017)**: **right to privacy** is a Fundamental Right; **Shayara Bano (2017)**: set aside instant **triple talaq**.
- **Criticism: judicial overreach** (courts entering the domain of the legislature and executive, against the **separation of powers**), slow justice, a **huge backlog** of cases, and misuse of PIL for **'publicity interest'**. The remedy is **judicial restraint**: courts must respect their limits, and the **Constitution** is the final guide.

**EXAM TRAP**

**Art 124**: CJI + 33 = 34; **retire 65 (SC), 62 (HC)**; **Art 124(4)** removal; **collegium**, **NJAC struck down 2015**; **Art 131** original; **Art 32** (SC) vs **Art 226** (HC, wider); **Art 136** SLP; **Art 143** advisory; **Art 141** binding law; **Art 142** complete justice; **Art 233** District Judge; **Art 235** HC control; **Art 39A** free legal aid; **Kesavananda 1973** basic structure; **Minerva Mills**; **PIL**: Hussainara Khatoon 1979, Vishaka 1997, Puttaswamy 2017.

## MATHS · Simple and compound interest

UNDERSTAND IT FIRST

**What is it? Interest** is the **price of using someone else's money**. The money lent is the **principal (P)**, the yearly percentage charged is the **rate (R)**, the period is the **time (T)** and the total repaid is the **amount (A = P + Interest)**. In **simple interest** the interest is calculated **only on the original principal**, so it grows in a

**straight line**. In **compound interest** the interest of each period is **added to the principal**, so you pay **interest on interest**, and it grows **faster and faster**, like a snowball.

Simple and compound interest

## 1. Simple interest

- **SI = P × R × T / 100**, and **A = P + SI**. Also **P = (SI × 100) / (R × T)**, **R = (SI × 100) / (P × T)** and **T = (SI × 100) / (P × R)**. **T must be in years**: 6 months = 1/2 year, 9 months = 3/4 year, 73 days = 73/365 = 0.2 year.
- **Example:** ₹8,000 at 7.5% for 4 years: SI = 8,000 × 7.5 × 4 / 100 = **₹2,400**; A = ₹10,400.
- **Doubling and trebling:** at SI a sum becomes **n times** in T years at a rate **R = 100(n − 1)/T**. If it **doubles in 8 years**, **R = 12.5%**, and it will become **4 times in 24 years** (SI = 3P needs 3 × 8 years).
- **Two parts of a sum** lent at different rates: if the **total interest** is known, use **allegation** (weighted rates). **Borrowing at one rate and lending at another:** gain = P × (difference of rates) × T / 100.

## 2. Compound interest

| Compounding | Amount A | Note |
|---|---|---|
| **Yearly** | **$A = P(1 + R/100)^T$** | **CI = A − P** |
| **Half-yearly** | **$A = P(1 + R/200)^{2T}$** | Rate **halves**, periods **double** |
| **Quarterly** | **$A = P(1 + R/400)^{4T}$** | Rate ÷ 4, periods × 4 |
| **Different rates** $R_1$, $R_2$, $R_3$ in successive years | **$A = P(1 + R_1/100)(1 + R_2/100)(1 + R_3/100)$** | |
| **Fractional years**, e.g. 2½ years | $A = P(1 + R/100)^2 \times (1 + (R/2)/100)$ | Compound for the whole years, then simple interest for the part year |

**EXAMPLE**

**CI − SI:** for **2 years**, the difference is **$P \times (R/100)^2$**; for **3 years**, **$P \times (R/100)^2 \times (3 + R/100)$**. **Example:** ₹5,000 at 8% for 2 years: difference = $5{,}000 \times 0.08^2$ = **₹32**. **CI example:** ₹10,000 at 10% for 2 years: A = 10,000 × 1.1 × 1.1 = ₹12,100, so **CI = ₹2,100** (while SI would be ₹2,000: the extra ₹100 is the **interest on the first year's interest**). **Half-yearly:** ₹16,000 at 20% for 1 year: rate 10% per half-year, 2 periods: A = 16,000 × 1.1 × 1.1 = **₹19,360**. **Rule of 72:** at compound interest an amount **doubles in about 72 ÷ R years**.

**EXAM TRAP**

**SI = PRT/100; A = P + SI; CI: $A = P(1 + R/100)^T$; half-yearly: R/2, 2T; CI − SI (2 yrs) = $P(R/100)^2$; (3 yrs) = $P(R/100)^2(3 + R/100)$; SI doubling: T = 100/R; CI doubling ≈ 72/R; CI is always more than SI for T > 1.**

**Test yourself: 5 questions (tap an option to see the answer)**

**PRACTICE**

**What is the simple interest on ₹8,000 at 7.5% per annum for 4 years?**

A. ₹2,000

B. ₹2,400

C. ₹2,700

D. ₹3,000

**Answer: B.** SI = 8,000 × 7.5 × 4 / 100 = ₹2,400.

**PRACTICE**

**What is the compound interest on ₹10,000 at 10% per annum for 2 years, compounded annually?**

A. ₹2,000

B. ₹2,100

C. ₹2,200

D. ₹1,900

**Answer: B.** $A = 10{,}000 \times 1.1^2 = 12{,}100$; CI = ₹2,100.

**PRACTICE**

**What is the difference between the compound interest and the simple interest on ₹5,000 at 8% per annum for 2 years?**

A. ₹24

B. ₹32

C. ₹40

D. ₹64

**Answer: B.** P $(R/100)^2$ = 5,000 × 0.0064 = ₹32.

**PRACTICE**

**A sum of money doubles itself in 8 years at simple interest. In how many years will it become four times itself at the same rate?**

A. 16 years

B. 24 years

C. 32 years

D. 20 years

**Answer: B.** Doubling needs SI = P in 8 years; four times needs SI = 3P, which takes 3 × 8 = 24 years.

**PRACTICE**

**What is the amount on ₹16,000 at 20% per annum for 1 year if the interest is compounded half-yearly?**

A. ₹19,200

B. ₹19,360

C. ₹19,520

D. ₹19,000

**Answer: B.** 10% per half-year for 2 periods: 16,000 × 1.1 × 1.1 = ₹19,360.
