Notes version: 12 Nov 06:00 IST (if this time is old, reload the page)

HISTORY · Independence and Partition; integration of the princely States

UNDERSTAND IT FIRST

What is it? In **1947** British rule ended, but India was **divided** into **India and Pakistan**, amid terrible violence. At the same time about **560 princely States**, which covered about **two-fifths** of the land, became **legally free** when British **paramountcy** ended. If they had stayed apart, India would have broken into pieces. **Sardar Vallabhbhai Patel** and **V.P. Menon**, through **persuasion, pressure and, where needed, force**, brought almost all of them into India by **1949**. Learn it as **Mountbatten and the 3 June Plan → Independence Act → Partition and its cost → integration method → difficult cases (Junagadh, Kashmir, Hyderabad) → later additions**.

The road to 15 August 1947

1. The Mountbatten Plan and the Independence Act

Step	Facts
Mountbatten (March 1947)	**Lord Mountbatten**, the last Viceroy, found the Cabinet Mission plan dead and communal violence spreading; he concluded **Partition** was unavoidable.
3 June Plan (1947)	**Punjab and Bengal assemblies** to vote on partition (both voted to divide); **referendums** in **NWFP** and **Sylhet** (Assam); **Sindh and Baluchistan** to decide; a **Boundary Commission** under **Cyril Radcliffe**; princely States free to **join either dominion**; the date was advanced to **15 August 1947**. The Congress and the League accepted it.
Indian Independence Act (assent 18 July 1947)	Created **two independent dominions**, **India and Pakistan**, from **15 August 1947**; a **Governor-General** for each; the **Constituent Assemblies** also worked as **legislatures**; British **paramountcy over princely States lapsed**; the **Secretary of State for India** was abolished; the King dropped the title **'Emperor of India'**.
Partition and its cost	The **Radcliffe Award** was announced on **17 August 1947**; riots killed an estimated **several hundred thousand to two million** people, and about **15 million** were uprooted. **Gandhi** stayed in riot-hit **Noakhali and Calcutta** on 15 August and was **assassinated on 30 January 1948**. **Mountbatten** was free India's first Governor-General; **C. Rajagopalachari** (1948–50) was the **first and last Indian Governor-General**.

2. Integration of the princely States

- **Machinery:** the **States Department (July 1947)** under **Sardar Patel**, with **V.P. Menon** as secretary. Rulers signed an **Instrument of Accession**, handing over only **defence, external affairs and communications**, and a **Standstill Agreement** to keep existing arrangements. By **15 August 1947**, almost all States had acceded except **Junagadh, Hyderabad and Jammu and Kashmir**.

- **Second stage (1948–49):** small States were **merged** into neighbouring provinces (e.g. Orissa and Chhattisgarh States) or grouped into **unions** (e.g. **Saurashtra, Rajasthan, PEPSU, Madhya Bharat, Travancore–Cochin**) under a **Rajpramukh**; some became **centrally administered** (e.g. **Manipur, Tripura, 1949**). Rulers received **privy purses**, which were **abolished by the 26th Amendment (1971)**.

The difficult cases

State	How it joined India
Junagadh	A Hindu-majority State in Kathiawar; its **Nawab acceded to Pakistan** (August 1947); people protested and Indian troops moved in; a **plebiscite (February 1948)** voted overwhelmingly for India.
Jammu and Kashmir	Maharaja **Hari Singh** hesitated; **tribal raiders backed by Pakistan** invaded (**22 October 1947**); he signed the **Instrument of Accession on 26 October 1947**; Indian troops were flown in; India took the matter to the **UN (January 1948)**; a ceasefire (1949) left part of the State under Pakistan; **Art 370** gave special status (made inoperative in **2019**).
Hyderabad	The largest State, ruled by **Nizam Mir Osman Ali Khan**, wanted to stay **independent**; signed a **Standstill Agreement (November 1947)**; the **Razakars** of **Qasim Razvi** (Majlis-e-Ittehadul Muslimeen) terrorised people; the **Telangana armed struggle (1946–51)** by peasants and Communists fought the Nizam and the landlords; the **Hyderabad State Congress** ran a **satyagraha**. India launched **'Operation Polo' (police action), 13–17 September 1948**; the Nizam **surrendered on 17 September**; **Maj. Gen. J.N. Chaudhuri** became military governor; the Nizam later served as **Rajpramukh**; **Burgula Ramakrishna Rao** became the first elected Chief Minister (**1952**).
Later additions	French **Pondicherry, Karaikal, Mahe and Yanam** (de facto **1954**, de jure **1962**); Portuguese **Goa, Daman and Diu** by **'Operation Vijay' (December 1961)**; **Dadra and Nagar Haveli** (freed 1954, merged 1961); **Sikkim** became the **22nd State** by the **36th Amendment (1975)**.

3. Impact

Area	Points
Politics	A **united India** of former provinces and States; Patel called the **'Iron Man'** and **'Bismarck of India'**; **Kashmir** remained a lasting dispute.
Society	**Mass migration** and **refugee resettlement** (Punjab, Bengal); deep **trauma**; feudal rule in States ended, giving people **democratic rights**.
Economy	Partition split **jute and cotton areas from mills**, canals and railways; **land reforms** began in former States (e.g. after the Telangana struggle).
Religion	India chose to be a **secular State** despite partition on religious lines.

EXAM TRAP

Mountbatten Mar 1947; **3 June Plan**; **Independence Act 18 July 1947** (two dominions, paramountcy lapses, CA as legislature, no Secretary of State); **15 Aug 1947**; **Radcliffe Award 17 Aug**; **Gandhi killed 30 Jan 1948**; **Rajaji** last Governor-General; **States Dept July 1947** (Patel, V.P. Menon); **Instrument of Accession** (defence, external affairs, communications); **Standstill**; **Junagadh plebiscite Feb 1948**; **Kashmir accession 26 Oct 1947**; **Hyderabad**: Razakars (Qasim Razvi), Telangana struggle 1946–51, **Operation Polo 13–17 Sept 1948**, J.N. Chaudhuri; **Pondicherry 1954/1962**; **Goa 1961**; **Sikkim 1975 (36th)**; **privy purses abolished 1971 (26th)**.

Test yourself: 5 questions (tap an option to see the answer)

PRACTICE

Consider the following statements about the Indian Independence Act, 1947:

1. It created two independent dominions, India and Pakistan.

2. British paramountcy over the princely States lapsed.

3. The Constituent Assemblies were also to act as legislatures.

4. The office of the Secretary of State for India was retained.

Which of the above are correct?

A. 1 and 2 only

B. 1, 2 and 3 only

C. 2, 3 and 4 only

D. 1, 2, 3 and 4

Answer: B. The Act abolished the office of the Secretary of State for India.

PRACTICE

Match List-I (State or territory) with List-II (how it joined India):

List-I (State or territory)	List-II (how it joined India)
A. Junagadh	1. Operation Vijay, 1961
B. Hyderabad	2. Instrument of Accession, October 1947
C. Jammu and Kashmir	3. Operation Polo, 1948
D. Goa	4. Plebiscite, 1948

(1) A → 3 | B → 4 | C → 2 | D → 1

(2) A → 4 | B → 2 | C → 3 | D → 1

(3) A → 4 B → 3 C → 1 D → 2

(4) A → 4 B → 3 C → 2 D → 1

Answer: (4) Junagadh: plebiscite; Hyderabad: Operation Polo; Kashmir: accession; Goa: Operation Vijay.

PRACTICE

Which one of the following statements is NOT correct?

A. V.P. Menon was the secretary of the States Department.

B. The Instrument of Accession covered defence, external affairs and communications.

C. Sikkim became a State of India in 1962.

D. Privy purses were abolished by the 26th Amendment in 1971.

Answer: C. Sikkim became the 22nd State in 1975 by the 36th Amendment.

PRACTICE

Assertion (A): The Nizam of Hyderabad signed a Standstill Agreement with India in November 1947.
Reason (R): The Razakars led by Qasim Razvi campaigned for Hyderabad's merger with India.
Choose the correct answer:

A. Both A and R are true and R is the correct explanation of A

B. Both A and R are true but R is not the correct explanation of A

C. A is true but R is false

D. A is false but R is true

Answer: C. A is true. R is false: the Razakars violently opposed merger and supported the Nizam's independence.

PRACTICE

Arrange the following in chronological order:

1. Accession of Jammu and Kashmir

2. Operation Polo

3. Junagadh plebiscite

4. Announcement of the 3 June Plan

A. 4, 3, 1, 2

B. 4, 1, 2, 3

C. 4, 1, 3, 2

D. 1, 4, 3, 2

Answer: C. June 1947, October 1947, February 1948, September 1948.

RECALL BOX: CLOSE THE NOTES AND WRITE THESE IN YOUR OWN WORDS

1. Write the 3 June Plan and the Indian Independence Act. 2. Write the integration machinery and stages. 3. Write Junagadh, Kashmir and Hyderabad in detail, and the later additions.

POLITY · Elections and electoral reforms; the anti-defection law

UNDERSTAND IT FIRST

What is it? Free and fair elections are the base of democracy and part of the **basic structure**. The Constitution (**Part XV, Arts 324–329**) and two laws, the **Representation of the People Acts of 1950 and 1951**, set the rules; the **Election Commission** runs the process. Over the years, problems such as **money power, muscle power, booth capturing and defections** led to **electoral reforms**. The **anti-defection law** stops elected members from **switching parties for gain**. Learn it as **the system → laws → reforms with years → committees → anti-defection law**.

1. The electoral system

Point	Details
Laws	**RPA 1950**: **electoral rolls** and **allocation of seats**; **RPA 1951**: **conduct of elections**, **qualifications and disqualifications**, **corrupt practices**, **election disputes** (election petitions go to the **High Court**). **Art 329**: courts **cannot interfere** during the election process.
Voting methods	**First-past-the-post** (the candidate with the most votes wins) for the **Lok Sabha and Assemblies**; **proportional representation by single transferable vote** for the **Rajya Sabha, Legislative Councils, President and Vice-President**.
Delimitation and reservation	**Delimitation Commissions** (1952, 1963, 1973, 2002) redraw constituencies; the **number of seats** is **frozen until the first census after 2026** (**84th Amendment, 2001**). Seats reserved for **SCs and STs** (**Arts 330, 332**); **one-third of seats for women** in the Lok Sabha and Assemblies by the **106th Amendment (2023)**, to start after the **next census and delimitation**.

2. Major electoral reforms

Reform	Details
Voting age 18	**61st Amendment (1988)**, effective **1989**: lowered from **21 to 18**.
EVM and VVPAT	**EVMs** first used at **Paravur, Kerala (1982)**; used in all constituencies since **2004**; **VVPAT** (a paper slip the voter can see) first used in **Nagaland (2013)**, at all booths since **2019**.
Voter ID, rolls	**Electors' Photo Identity Card (EPIC)** from **1993** (CEC **T.N. Seshan**); the **Election Laws (Amendment) Act, 2021**: **voluntary Aadhaar linking** and **four qualifying dates** a year (1 January, 1 April, 1 July, 1 October); a **Special Intensive Revision** of rolls began in **2025**.
Candidates	Affidavits on **criminal cases, assets and education** (**ADR case, 2002**); **NOTA** (**PUCL case, 2013**); contest from at most **two constituencies** (1996 amendment); **expenditure limits** (up to **₹95 lakh** for the Lok Sabha in big States); **Lily Thomas (2013)**: immediate disqualification on conviction.
Campaign rules	**Model Code of Conduct** (from the moment of announcement; **not a law**, enforced by the EC's authority); **48-hour silence period** before polling (Sec 126); **exit polls banned** until the last phase ends (Sec 126A); **home voting** for voters **85+** and persons with disabilities.
Committees and proposals	**Tarkunde (1975)**, **Dinesh Goswami (1990)**, **Vohra (1993**, criminal–political nexus**)**, **Indrajit Gupta (1998**, State funding**)**, Law Commission **170th (1999)** and **255th (2015)** Reports; **One Nation, One Election**: the **Ram Nath Kovind Committee** reported in **March 2024**; a **Constitution (129th Amendment) Bill** was introduced in **December 2024** and sent to a **Joint Parliamentary Committee**.

3. The anti-defection law (Tenth Schedule)

Tenth Schedule at a glance

- **Why:** after **1967**, frequent defections ('**Aaya Ram, Gaya Ram**', from a Haryana MLA who changed parties three times in a day) toppled governments. The **52nd Amendment (1985)** added the **Tenth Schedule**.
- **Disqualification:** a party member who **voluntarily gives up membership**, or **votes or abstains against the party's direction (whip)** without permission and is **not condoned within 15 days**; an **independent** member who **joins a party**; a **nominated** member who joins a party **after six months**. **Exception:** a **merger** supported by **two-thirds** of the legislature party (para 4); the earlier **'split' (one-third) exception was removed** by the **91st Amendment (2003)**, which also bars defectors from **ministerial or paid political posts** until re-elected.
- **Who decides:** the **Speaker or Chairman** (para 6). **Kihoto Hollohan (1992)**: the decision is **subject to judicial review**; para 7 (barring courts) was struck down. **Keisham Meghachandra Singh (2020)**: Speakers should decide petitions within about **three months**. **Subhash Desai (2023)**: the **political party**, not just the legislature party, appoints the whip. **Criticism:** Speakers' **partisan delays**, members cannot vote **freely**, and **mass 'mergers'**; proposals: let the **President or Governor decide on the Election Commission's advice** (Dinesh Goswami Committee, Law Commission).

EXAM TRAP

Arts 324–329; **RPA 1950** (rolls, seats), **RPA 1951** (conduct, disqualification, disputes); **FPTP** vs **STV**; delimitation **1952, 1963, 1973, 2002**; freeze till **after 2026** (84th); **Arts 330, 332**; **106th (2023)** women one-third; **61st** (age 18, 1989); **EVM 1982 Paravur, all 2004**; **VVPAT 2013, all 2019**; **EPIC 1993**; **2021 Act** (Aadhaar voluntary, 4 dates); **ADR 2002**; **NOTA 2013**; **two seats max**; **₹95 lakh**; **MCC not a law**; **Sec 126 (48 h), 126A**; **Kovind Committee 2024**, **129th Bill**; **Tenth Schedule (52nd, 1985)**; whip, 15 days; independent, nominated (6 months); merger **2/3**; **91st (2003)** removed split; **Speaker decides**; **Kihoto 1992**; **Meghachandra 2020**; **Subhash Desai 2023**.

Test yourself: 5 questions (tap an option to see the answer)

PRACTICE

Consider the following statements:

1. The 61st Amendment lowered the voting age from 21 to 18.

2. The NOTA option was introduced after a Supreme Court judgment in 2013.

3. A candidate can contest a general election from at most two constituencies.

4. The Model Code of Conduct is part of the Representation of the People Act, 1951.

Which of the above are correct?

A. 1, 2 and 3 only

B. 1 and 4 only

C. 2, 3 and 4 only

D. 1, 2, 3 and 4

Answer: A. The Model Code of Conduct is not a law; the EC enforces it under its Art 324 authority.

PRACTICE

Match List-I (law or provision) with List-II (subject):

List-I (law or provision)	List-II (subject)
A. Representation of the People Act, 1950	1. Freezing the number of seats until after the first census after 2026
B. Representation of the People Act, 1951	2. Bar on interference by courts in electoral matters
C. Article 329	3. Conduct of elections and election disputes
D. 84th Amendment, 2001	4. Preparation of electoral rolls and allocation of seats

(1) A → 4 | B → 3 | C → 2 | D → 1

(2) A → 3 B → 4 C → 2 D → 1

(3) A → 4 B → 2 C → 3 D → 1

(4) A → 4 B → 3 C → 1 D → 2

Answer: (1) RPA 1950: rolls and seats; RPA 1951: conduct and disputes; Art 329: bar on courts; 84th: freeze.

PRACTICE

Which one of the following statements about the anti-defection law is NOT correct?

A. It was added to the Constitution by the 52nd Amendment.

B. The 91st Amendment removed the exception for a 'split' of one-third of members.

C. A nominated member can join any political party at any time without being disqualified.

D. In Kihoto Hollohan the Supreme Court held that the Speaker's decision is subject to judicial review.

Answer: C. A nominated member is disqualified if he joins a party after six months from taking his seat.

PRACTICE

Assertion (A): Members who join another party through a merger are not disqualified if the merger is supported by two-thirds of the legislature party.
Reason (R): Paragraph 4 of the Tenth Schedule protects such mergers.
Choose the correct answer:

A. Both A and R are true and R is the correct explanation of A

B. Both A and R are true but R is not the correct explanation of A

C. A is true but R is false

D. A is false but R is true

Answer: A. Paragraph 4 is the merger exception that explains A.

PRACTICE

An MLA votes against his party's whip on a no-confidence motion without the party's permission, and the party does not condone it within 15 days. A petition is filed. What is the likely result?

A. Nothing, because MLAs can vote freely on any motion

B. The Election Commission disqualifies him directly

C. The Speaker can disqualify him under the Tenth Schedule, subject to judicial review

D. The Governor must dismiss the government

Answer: C. Defying the whip without permission or condonation is a ground; the Speaker decides, and courts can review.

RECALL BOX: CLOSE THE NOTES AND WRITE THESE IN YOUR OWN WORDS

1. Write Arts 324–329, the two RPAs, voting methods, delimitation and reservation. 2. Write the reforms table with years and the committees. 3. Write the Tenth Schedule: grounds, exception, decider, amendments and cases.

SCIENCE · Energy: policy, capacity and demand; biofuels; Bharat Stage norms

UNDERSTAND IT FIRST

What is it? Energy drives **farms, factories, homes and transport**. India is the world's **third-largest energy consumer** and **third-largest electricity producer**, and its demand keeps rising. The challenge is to provide **enough, affordable and clean** energy while cutting **imports** (India imports about **85%** of its crude oil) and **emissions**. Two tools covered here: **biofuels** (fuels made from plants and waste, to replace some petrol and diesel) and **Bharat Stage norms** (limits on harmful gases from vehicles). Learn it as **energy mix and capacity → targets and policies → biofuels → BS norms**. Renewable sources and schemes come on Day 24.

1. Capacity, demand and targets

- **Installed power capacity** is about **500 GW** (2025); **coal** is still the **largest source of generation** (about **70%** of electricity produced), but **non-fossil sources** (solar, wind, hydro, nuclear, biomass) reached **about half of installed capacity in 2025**, **five years ahead** of the 2030 NDC target. **Peak demand** touched about **250 GW (2024)**. **All villages** were electrified by **April 2018** (DDUGJY) and nearly all households under **Saubhagya (2017)**.
- **Panchamrit (COP26, Glasgow, 2021): 500 GW non-fossil capacity by 2030**; **50% of energy needs from renewables by 2030**; cut **one billion tonnes** of projected emissions by 2030; reduce the **emissions intensity of GDP by 45%** (from 2005 levels) by 2030; **net zero by 2070**. **Laws and bodies: Electricity Act 2003**; **Energy Conservation Act 2001** (**Bureau of Energy Efficiency, 2002**; 2022 amendment created a **carbon credit trading scheme**); **PAT** scheme for industries; **UJALA (2015)** LED bulbs; **star labels** on appliances; **International Solar Alliance (2015)**.

2. Biofuels

Biofuel generations

Item	Facts
Why biofuels	Cut **crude oil imports** and foreign-exchange outgo; give **farmers extra income** (sugarcane, surplus grain, crop residue); reduce **stubble burning** and **emissions**.
National Policy on Biofuels (2018, amended 2022)	The **Ethanol Blended Petrol** programme (since 2003) aimed at **20% ethanol in petrol (E20)**; the 2022 amendment **advanced E20 from 2030 to 2025–26**, and India reached about **20% blending in 2025**. Concerns: **food vs fuel**, **water use** by sugarcane, and **older vehicle compatibility**.
Schemes	**PM JI-VAN Yojana (2019)**: support for **2G (second-generation) ethanol** plants (e.g. **Panipat**, 2022); **SATAT (2018)**: **compressed biogas** plants; **GOBAR-Dhan (2018)**: cattle dung and waste to biogas; **RUCO**: biodiesel from **used cooking oil**; **Sustainable Aviation Fuel** blending targets for flights from **2027**; **Global Biofuels Alliance**, launched at the **G20 Delhi summit (2023)**.

3. Bharat Stage (BS) emission norms

- **What:** limits on **carbon monoxide (CO), hydrocarbons (HC), nitrogen oxides (NOx) and particulate matter (PM)** from vehicles, based on **European (Euro) norms**; notified by the **Ministry of Road Transport and Highways** under the **Central Motor Vehicles Rules**, with standards from the **Central Pollution Control Board** (Environment Ministry).
- **Timeline: BS-I (2000)** → BS-II, BS-III → **BS-IV nationwide (2017)** → India **skipped BS-V** and moved straight to **BS-VI from 1 April 2020** (the Supreme Court banned sale of BS-IV vehicles from that date). **BS-VI fuel** has at most **10 ppm sulphur** (BS-IV allowed **50 ppm**); diesel vehicles need devices such as **diesel particulate filters (DPF)** and **selective catalytic reduction (SCR)**. **BS-VI Phase 2 (April 2023)** added **Real Driving Emissions (RDE)** testing and **on-board diagnostics**.

EXAM TRAP

India: **3rd** in energy use and power output; **~85%** crude imported; capacity **~500 GW (2025)**; **non-fossil ~50% of capacity (2025)**; coal ~70% of generation; peak **~250 GW (2024)**; villages electrified **2018**; **Saubhagya 2017**; **Panchamrit**: 500 GW, 50%, 1 bn t, 45%, **net zero 2070**; **Electricity Act 2003**; **EC Act 2001**, **BEE 2002**, carbon market (2022); **PAT, UJALA 2015, ISA 2015**; biofuels: **1G, 2G, 3G, CBG**; **policy 2018/2022**; **E20 by 2025–26** (reached 2025); **PM JI-VAN 2019**, **SATAT 2018**, **GOBAR-Dhan 2018**, **RUCO**, **GBA 2023**; **BS-IV 2017**, **BS-VI 1 Apr 2020** (skipped BS-V), **10 ppm** sulphur, **BS-VI Phase 2 (RDE) 2023**.

Test yourself: 5 questions (tap an option to see the answer)

PRACTICE

Consider the following statements about India's climate targets announced at COP26 (Panchamrit):

1. 500 GW of non-fossil electricity capacity by 2030.

2. Net zero emissions by 2070.

3. Reduce the emissions intensity of GDP by 45% from 2005 levels by 2030.

4. Completely phase out coal-based power by 2030.

Which of the above are correct?

A. 1 and 2 only

B. 2, 3 and 4 only

C. 1, 2 and 3 only

D. 1, 2, 3 and 4

Answer: C. India made no commitment to phase out coal power by 2030; coal remains its largest source of generation.

PRACTICE

Match List-I (biofuel type or scheme) with List-II (source or purpose):

List-I (biofuel type or scheme)	List-II (source or purpose)
A. First-generation ethanol	1. Compressed biogas plants
B. Second-generation ethanol	2. Algae
C. Third-generation biofuel	3. Crop residue such as paddy straw
D. SATAT	4. Sugarcane molasses and food grains

(1) A → 3 B → 4 C → 2 D → 1

(2) A → 4 B → 2 C → 3 D → 1

(3) A → 4 B → 3 C → 1 D → 2

(4) A → 4 B → 3 C → 2 D → 1

Answer: (4) 1G: molasses and grains; 2G: crop residue; 3G: algae; SATAT: compressed biogas.

PRACTICE

Which one of the following statements about Bharat Stage norms is NOT correct?

A. India moved directly from BS-IV to BS-VI on 1 April 2020.

B. BS-VI fuel contains at most 10 ppm of sulphur.

C. BS-VI Phase 2 introduced Real Driving Emissions testing.

D. Bharat Stage norms are fixed by the Bureau of Energy Efficiency.

Answer: D. BS norms are notified by the Road Transport Ministry with standards from the CPCB; BEE deals with energy efficiency.

PRACTICE

Assertion (A): The target of 20% ethanol blending in petrol was advanced from 2030 to 2025–26.
Reason (R): Ethanol blending reduces crude oil imports and gives farmers an additional market.
Choose the correct answer:

A. Both A and R are true and R is the correct explanation of A

B. Both A and R are true but R is not the correct explanation of A

C. A is true but R is false

D. A is false but R is true

Answer: A. These benefits are why the Government advanced the E20 target.

PRACTICE

A refinery converts paddy straw, which farmers would otherwise burn, into ethanol. Which scheme specifically supports such second-generation ethanol plants?

A. SATAT

B. PM JI-VAN Yojana

C. UJALA

D. Perform, Achieve and Trade

Answer: B. PM JI-VAN Yojana (2019) gives financial support to 2G ethanol projects.

RECALL BOX: CLOSE THE NOTES AND WRITE THESE IN YOUR OWN WORDS

> 1. Write the energy facts: consumption rank, imports, capacity, mix, peak demand. 2. Write Panchamrit and the key laws and schemes. 3. Write biofuel generations, policy, schemes, and the BS timeline with sulphur limits.

NOTEBOOK PAGE · Day 23: write this from memory

Close the notes. Write these headings, fill every blank, then correct in a different colour.

HISTORY: Independence, Partition, integration

Area	Write
Partition	Mountbatten, 3 June Plan, Independence Act (6 points), 15 Aug, Radcliffe, violence, Gandhi's death
Integration	States Dept, Patel, Menon, Instrument of Accession, Standstill; Junagadh, Kashmir, Hyderabad (Razakars, Telangana struggle, Operation Polo); later: Pondicherry, Goa, Sikkim; privy purses 1971

POLITY: Elections and anti-defection

- Arts 324–329; RPA 1950 and 1951; FPTP vs proportional; delimitation and the freeze; reservation (Arts 330, 332; 106th Amendment); reforms list with years; committees; One Nation One Election; Tenth Schedule: grounds, merger, Speaker, Kihoto, 91st Amendment, later cases.

SCIENCE: Energy, biofuels, BS norms

Write: energy mix and capacity; Panchamrit and NDC targets; key laws and schemes; biofuel generations, 2018 policy, E20, SATAT, PM JI-VAN, GOBAR-Dhan, Global Biofuels Alliance; BS timeline, BS-VI sulphur, RDE.
