HISTORY · National Movement II: Swadeshi, Home Rule, Lucknow Pact, revolutionaries

UNDERSTAND IT FIRST

What is it? Between **1905 and the early 1930s** the national movement moved **beyond petitions**. The **Partition of Bengal (1905)** produced the first **mass movement**, **Swadeshi** (use Indian goods, boycott British ones). The British answered with **repression and 'divide and rule'** (separate electorates for Muslims, 1909). During the **First World War**, the **Home Rule Leagues** kept the demand alive, and the **Lucknow Pact (1916)** briefly united the **Congress and the Muslim League**. Alongside, **revolutionaries** used **arms** against British officials, at home and abroad. Learn it as **Partition → Swadeshi → League and reforms → Home Rule and Lucknow → revolutionaries (two phases) → Andhra → impact**.

From Partition to Lucknow Pact

1. Partition of Bengal and the Swadeshi Movement

Point	Details
Partition	Announced by **Curzon** in **July 1905**, effective **16 October 1905**: **Eastern Bengal and Assam** (Muslim-majority, capital **Dacca**) and the rest of Bengal. Official reason: Bengal was **too big to govern**; real aim: to **weaken Bengali nationalism** by dividing **Hindus and Muslims** and **Bengali speakers**.
Protest	**Boycott resolution** at the **Calcutta Town Hall (7 August 1905)**; **16 October** observed as a day of **mourning**: people fasted, bathed in the Ganga, tied **rakhis** (Rabindranath Tagore) as a sign of unity, and sang **'Amar Sonar Bangla'** and **'Bande Mataram'**.
Methods	**Boycott** and public **bonfires of foreign cloth**; **swadeshi** goods and industries (P.C. Ray's **Bengal Chemicals**, **Bengal Lakshmi Cotton Mills**, **V.O. Chidambaram Pillai's Swadeshi Steam Navigation Company, Tuticorin, 1906**); **national education** (**Bengal National College, 1906**, Aurobindo principal; **National Council of Education**); **samitis** (Ashwini Kumar Dutt's **Swadesh Bandhab Samiti**, Barisal); **art and songs** (Abanindranath Tagore).
Limits and end	Few **peasants and Muslims** joined; **repression** and the **Surat split (1907)** weakened it; it turned partly to **revolutionary** action. The Partition was **annulled in 1911** at the **Delhi Durbar** of **George V**, and the **capital moved from Calcutta to Delhi**.

2. Muslim League and the Morley–Minto Reforms

- **Simla Deputation (1 October 1906):** Muslim leaders led by the **Aga Khan** met Viceroy **Minto** and asked for **separate electorates**. **All-India Muslim League** founded at **Dacca on 30 December 1906** (Aga Khan, **Nawab Salimullah**).
- **Indian Councils Act, 1909 (Morley–Minto):** enlarged councils, some **elected** members, right to discuss the **budget**; **separate electorates for Muslims** (Muslims vote only for Muslim candidates), so **Minto** is called

the **'father of communal electorate'**; **S.P. Sinha** became the **first Indian** in the **Viceroy's Executive Council**.

3. Home Rule Leagues and the Lucknow Pact

Point	Details
Home Rule Leagues (1916)	Idea from **Irish Home Rule**: self-government within the Empire. **Tilak's League (April 1916, Belgaum)**: Maharashtra (except Bombay city), Karnataka, Central Provinces, Berar. **Annie Besant's League (September 1916, Madras)**: rest of India; papers **New India** and **Commonweal**. Besant's **arrest (June 1917)** caused protests.
Lucknow Session and Pact (December 1916)	**Moderates and Extremists reunited**; the **Congress and the Muslim League** agreed on **joint demands** (more elected members, Indian majority in councils); the Congress **accepted separate electorates**; key figures: **Tilak and Jinnah**; Congress president **A.C. Mazumdar**.
Results	**Montagu's August Declaration (20 August 1917)** promised the **gradual development of self-governing institutions** and **responsible government**; **Besant** became the **first woman Congress president (Calcutta, 1917)**; this led to the **1919 reforms** (Day 21).

4. Revolutionaries

Phase	Groups and events
First phase (1897–1918)	**Chapekar brothers** shot plague officer **Rand** (Poona, 1897); **Anushilan Samiti** (Calcutta, **1902**; Dacca branch under Pulin Das) and **Jugantar** (Barindra Ghosh); **Muzaffarpur bomb (30 April 1908)** aimed at judge **Kingsford** (**Khudiram Bose** hanged, **Prafulla Chaki** shot himself); **Alipore Bomb Case** (Aurobindo acquitted, defended by **C.R. Das**); **Abhinav Bharat** (**V.D. Savarkar**, 1904); **India House, London** (**Shyamji Krishna Varma**, 1905, paper 'Indian Sociologist'); **Madan Lal Dhingra** shot **Curzon Wyllie** (London, 1909); **Vanchinathan** shot Collector **Ashe** (1911, Tamil Nadu); bomb on Viceroy **Hardinge** (Delhi, 1912; **Rash Behari Bose**).
Abroad, during the First World War	**Ghadar Party (1913, San Francisco)**: **Lala Har Dayal**, **Sohan Singh Bhakna**; planned an armed rising in Punjab (1915); **Komagata Maru (1914)**: Indian passengers turned back from Canada and fired upon at **Budge Budge**; **Singapore mutiny (1915)**; **Provisional Government of India at Kabul (1915)**: **Raja Mahendra Pratap** (president), **Barkatullah**.
Second phase (1920s–1930s)	**Hindustan Republican Association (1924, Kanpur)**: Sachindranath Sanyal, **Ram Prasad Bismil**; **Kakori train robbery (9 August 1925)** (Bismil, **Ashfaqulla Khan** hanged); **Hindustan Socialist Republican Association (1928, Delhi)**: **Bhagat Singh**, **Chandrashekhar Azad**, socialist goals; **Saunders** shot (December 1928) to avenge **Lala Lajpat Rai**; **bombs in the Central Legislative Assembly (8 April 1929)** by **Bhagat Singh and B.K. Dutt** ('to make the deaf hear'); **Bhagat Singh, Sukhdev and Rajguru hanged on 23 March 1931**; **Azad** died fighting (Allahabad, **February 1931**); **Chittagong Armoury Raid (18 April 1930)**: **Surya Sen**, with young women such as **Pritilata Waddedar** and **Kalpana Dutt**.

5. The Andhra region

- **Vande Mataram movement: Bipin Chandra Pal's tour (April 1907)** of **Rajahmundry, Kakinada, Machilipatnam, Vijayawada** and Madras spread Swadeshi; at **Rajahmundry**, students wearing **'Vande Mataram' badges** were punished; a clash at **Kakinada (1907)** followed an insult to a student; **Gadicherla Harisarvottama Rao** was jailed (**1908**) for writings in his paper **'Swarajya'**, among the first political prisoners of Andhra.
- **Press and education: Krishna Patrika (1902, Machilipatnam)**, edited by **Mutnuri Krishna Rao**; **Andhra Patrika (1908)** by **Kasinathuni Nageswara Rao**; **Andhra Jateeya Kalasala (national college), Machilipatnam (1910)**, Kopalle Hanumantha Rao. **Home Rule** branches spread in Andhra towns (1916–17). **Alluri Sitarama Raju** led the **Rampa rebellion (1922–24)** of tribal people in the Godavari hills; killed in **May 1924** (Day 21).

6. Impact

Area	Points
Politics	First **mass movement**; **swaraj** became the goal; but **separate electorates** began **communal politics**; Lucknow Pact showed **Hindu–Muslim unity** was possible.
Society	**Students, women and youth** joined; **national education**; patriotic **songs, art and literature**.
Economy	**Swadeshi industries**, banks, insurance and shipping; **imports of British cloth fell**.
Religion	Some leaders used **religious symbols** (festivals, Kali, the Gita), which inspired many Hindus but kept many **Muslims** away.

POLITY · Centre–State relations and the need for reforms: Rajamannar, Sarkaria, Punchhi

UNDERSTAND IT FIRST

What is it? Days 14 and 15 showed **how** powers and money are divided. In practice, **friction** arises: States complain that the **Centre is too strong**, that **Governors act politically**, that **Art 356 is misused**, and that they get **too little money** for their duties. Several **committees and commissions** studied the problem and suggested **reforms**. Exams ask **who set up which body, when, and what it recommended**. Learn it as **areas of friction → each review body → court cases → present trends (cooperative federalism)**.

1. Areas of friction

- **Governor:** appointed by the Centre and seen as its **agent**; disputes over **choosing a Chief Minister** in a hung assembly, **recommending Art 356**, and **delaying assent to State Bills**. **Art 356:** used **more than 100 times**, often against **opposition-ruled** States, before the Bommai judgment.
- **Others: All-India Services** controlled by the Centre; **Concurrent List** laws by Parliament; deployment of **central forces**; **river water** disputes; **finance**: dependence on **central grants and schemes**, use of **cesses and surcharges** that are **not shared**, and **GST** compensation issues.

Review bodies

2. Review bodies and their recommendations

Body	Set up by, year	Key recommendations
Administrative Reforms Commission	Centre, **1966** (Morarji Desai, later K. Hanumanthaiah)	Set up an **Inter-State Council**; appoint **non-partisan** Governors; **delegate** more powers to States.
Rajamannar Committee	**Tamil Nadu government, 1969** (chair **Dr P.V. Rajamannar**; report 1971)	Set up the **Inter-State Council** at once; make the **Finance Commission permanent**; **abolish IAS and IPS**; **omit Arts 356, 357 and 365**; move some Union and Concurrent subjects to the **States**; **residuary powers to States**; replace the Planning Commission with a **statutory body**.
Anandpur Sahib Resolution	**Akali Dal, 1973**	The Centre should keep only **defence, foreign affairs, currency and communications**; all other powers to the States.
West Bengal Memorandum	**Left Front government, 1977**	Use **'federal'** instead of 'union'; **75%** of Union revenue to States; **repeal Arts 356, 357 and 360**; **abolish All-India Services**; equal powers for the **Rajya Sabha**.
Sarkaria Commission	**Centre, 1983**; Justice **R.S. Sarkaria** (members B. Sivaraman, S.R. Sen); report **1988**	**247** recommendations; **no** major structural change; a **permanent Inter-State Council (Art 263)**; **Art 356 only as a last resort**; Governor: an **eminent person from outside the State**, **not an active politician**, chosen after **consulting the CM**, not removed before term except for strong reasons; **keep and strengthen All-India Services**; **revive Zonal Councils**; Centre to **consult States** on Concurrent List laws; **hung assembly** order: (1) **pre-poll alliance**, (2)

		largest party with others' support, (3) **post-poll coalition** joining government, (4) post-poll alliance with outside support.
Punchhi Commission	**Centre, 2007**; Justice **M.M. Punchhi**; report **2010**	**273** recommendations; Governor: **fixed 5-year term**, removal only by a **resolution of the State legislature**, decide on Bills within **6 months**, should **not be university chancellor**, may sanction **prosecution of ministers**; **'localised emergency'**: apply Arts 355/356 to a **district or part** of a State instead of the whole; stronger **Inter-State Council**; laws on Concurrent subjects after consultation through it.

3. Court cases and present trends

- **S.R. Bommai (1994):** Art 356 is **subject to judicial review**; majority must be tested on the **floor of the House**, not in the Governor's room; **secularism and federalism** are basic features. **Rameshwar Prasad (2006):** the dissolution of the **Bihar** Assembly (2005) was **unconstitutional**. **Nabam Rebia (2016):** the Governor's **discretion is limited**; he cannot summon or advance an Assembly session on his own.
- **Governors and State Bills:** in **April 2025** the Supreme Court (**State of Tamil Nadu v Governor of Tamil Nadu**) set **time limits** for Governors to act on Bills. A **Presidential reference under Art 143** followed; in **November 2025** the Court's opinion said courts **cannot impose fixed time limits or 'deemed assent'**, though Governors **cannot sit on Bills indefinitely**. (Check current affairs for later developments.)
- **Cooperative federalism:** the **Inter-State Council (1990)**, **NITI Aayog's Governing Council** (PM and all Chief Ministers, from **2015**), the **GST Council (2017)**, and higher tax devolution (**42%, then 41%**) are steps where the **Centre and States decide together**. **Competitive federalism** means States compete for investment and development (e.g. **ease of doing business** rankings).

SCIENCE · Defence technology: DRDO and the IGMDP

UNDERSTAND IT FIRST

What is it? A country that **buys all its weapons** depends on other countries in a war, and pays heavily. So India built its own **defence research** system, **DRDO**, to design **missiles, aircraft, tanks, ships, radars and**

electronics. The **Integrated Guided Missile Development Programme (IGMDP)** made India a **missile power**. Missiles are classified by **where they are fired from and at what** (surface-to-surface, surface-to-air, air-to-air, anti-tank, submarine-launched) and by **how they fly**: **ballistic** (rocket-powered up, then falls like a thrown stone) or **cruise** (flies like a plane, powered all the way, low and guided).

1. DRDO and the IGMDP

- **DRDO** was formed in **1958** by merging older defence science units; it works under the **Ministry of Defence** with about **50 laboratories**. **IGMDP** began in **1983** under **Dr A.P.J. Abdul Kalam** (the **'Missile Man'**) to build **five missiles**; it was formally **closed in 2008** after its goals were met, and each line continued separately.

IGMDP: five missiles

Prithvi, Dhanush, Pralay	Short-range **surface-to-surface**; **Dhanush** is the naval version of Prithvi; **Pralay** is a newer quasi-ballistic short-range missile.
BrahMos	**Supersonic cruise missile** (about **Mach 2.8–3**) by **BrahMos Aerospace**, an **India–Russia joint venture (1998)**; name from the **Brahmaputra** and **Moskva** rivers; launched from **land, ships, submarines and aircraft**; range extended beyond the original **290 km**; **exported to the Philippines**.
Akash, Nag, Astra, K-series, Nirbhay	**Akash**: medium-range **surface-to-air**; **Nag**: **anti-tank** fire-and-forget (Helina from helicopters); **Astra**: **air-to-air beyond visual range**; **K-15 (Sagarika), K-4**: **submarine-launched** ballistic missiles; **Nirbhay**: **subsonic** long-range cruise missile.
Missile defence and others	**Ballistic Missile Defence**: **Prithvi Air Defence (high altitude)** and **Advanced Air Defence (low altitude)**; **Mission Shakti (27 March 2019)**: an **anti-satellite (ASAT)** missile destroyed a satellite in low Earth orbit; **hypersonic** tests (HSTDV 2020; a long-range hypersonic missile, **November 2024**). Indian systems such as **Akash** and **BrahMos** were used in **Operation Sindoor (May 2025)**.
